

I Go To School

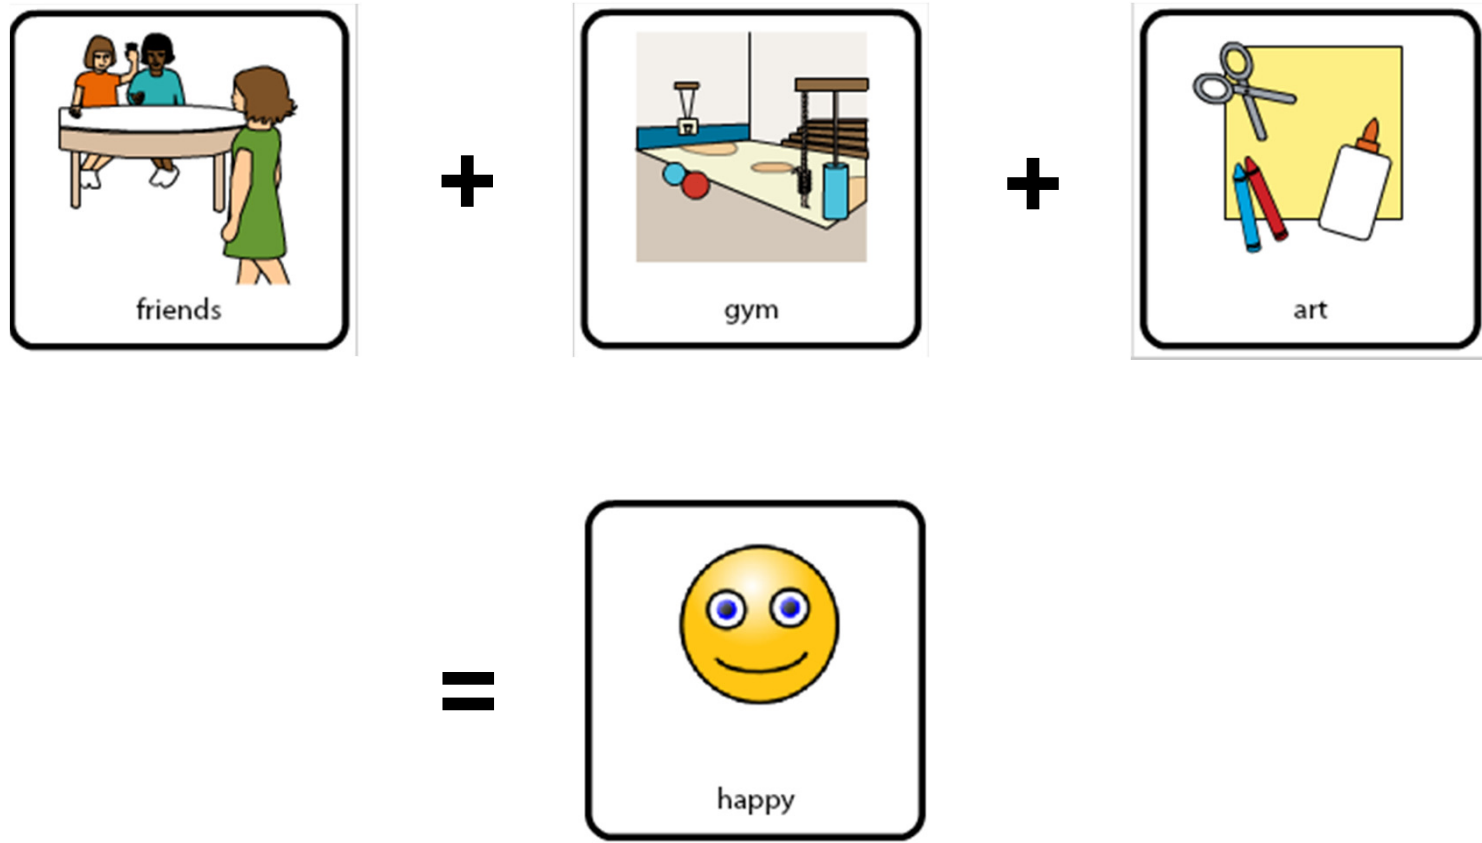

In the morning, I come to school. I see my friends and teachers at school.

**I might be sad to leave my mommy. If I feel sad I can tell my teachers
“I feel sad.” My teachers will help me feel better.**

I will have lots of fun at school playing with my friends, going to gym, and doing art. This will make me happy!

**When school is over, my mommy will pick me up.
I will feel happy!**
