

Which Websites should I use to Create Visual Schedules?

- There are several ways to create visuals, from drawing or cutting out pictures, to utilizing online image websites
- Some of our favorite visual making resources include:
 - Google Images (<http://www.google.com/imghp>)
 - Picasa (<http://picasa.google.com/>)
 - VizZle (<http://govizzle.com/>)
 - Boardmaker (<http://www.mayer-johnson.com/boardmaker-software>)
- Depending on your child's visual representation level, a camera may be your best tool
